# Direct Message to Grey Hats

As per the time of this writing (June 10th, 2024), roughly 80% of "top brass" within "positive" US military is schedule to be arrested by Galactic and Agarthan forces. Everyone is under close watch and drastic action wil be taken if you step too far out of line. You should be more intelligent with your direction. You seem trapped, nervous, and frustrated, maybe you should try meditation.
